

PARTER MEDICAL PRODUCTS, INC.

Petri Dishes
from **Parter Medical Products**

Quality Design.

Dependable Service.

Reasonably priced.

The high quality of Parter Medical's Petri Dishes is the result of our dedication to product excellence, innovative product design, and consumer satisfaction.

Manufactured from pure virgin polystyrene.

Unsurpassed in optical clarity, permitting unimpaired observation of dish content – Ideal for micro photography.

Engineered for optimum flatness to provide uniform agar thickness – Reducing Media Costs.

Designed with nesting lugs for optimum culture growth and media shelf life.

Produced in a wide variety of shapes and sizes.
